County Teen-Agers Activities Increase

News of Teen Age Clubs, sponsored by the Jefferson County Playground and Recreation Board, is coming in from all parts of Jefferson County. The kids are frolicking and playing as county recreation pays dividends.

At Fern Creek, where the Highview Club, led by Tom Tindall and Ellen Ricketts, held a dance which was attended by more than 100 boys and girls. The Kenwood Teen Agers of Auburndale recorded an attendance of 81 Saturday night. New faces appearing at the Saturday meeting belonged to Alma King, Elizabeth King, Andrew Bolton, Doris Larkin, Phil Watson, Joe Kostich, Thomas Cecil Chappell, Warren, Gerald Clark, Billy Jackson, Karl Fellman, Harry Mathews, Earl Whitworth, George Hicks, George Weir, Bud Probst, David Chowing, Bud Dalton, Norwood House, Gordon Connor and Bob Humphrey.

Cross Country Relay Planned Next Month

All local recreation committees, grade schools, high schools, or other county organizations, or three boys in the cross-country relay race to be sponsored by the Jefferson County Playground and Recreation Board in October, should contact Oakley Brown at the Jefferson County Playground and Recreation Board's office in the Army.

The cross-country relay, which is of the old-fashioned type indulged in by the cross-country runners of old, is to be set up as follows:

- (1) Each team is composed of three boys.
- (2) One boy will be stationed at Buchoel, where the race will begin; the second at High View, and the third at Fern Creek.

The first team will start the baton from Buchoel to High View where he passes it to the second who, in turn, carries it to his teammate at Fern Creek and he finishes the race carrying the baton home to Buchoel.

- (4) Awards, in the form of tickets to outstanding ball games and trophies, will go to competitors.

Purebred Breeders Hold Monthly Meet

By J. E. Gambill

The Jefferson County Purebred Livestock Association held its regular monthly meeting Wednesday evening, September 16, in the assembly room of the Livestock Exchange building of the Bourbon Stockyards. E. S. Woolsey, vice president of the Louisville Trust Company, spoke on "The Business Man and the Livestock Breeder."

A number of Louisville business and professional men were invited to the dinner meeting at which Bourbon beef was served, and achieved wonderful results.

Other speakers gave short addresses on the relations between the business man and the purebred livestock breeder, giving instances in which the two had worked together cooperatively and achieved wonderful results.

Dr. S. G. Bandeen, president of the Jefferson County Purebred Livestock Association, presided at the meeting and introduced several prominent guests for the meeting.

J. E. Gambill, vocational Agriculture teacher at the Jeffersontown High School, was elected secretary and treasurer of the Association, succeeding Fitzpatrick who has moved to Florida.

All breeders in the county who have purebred livestock and have not joined the association are urged to join and help promote the program to lead livestock to better livestock.

He, along with 101 other county Farm Bureau presidents in the state, will be honored at a banquet Tuesday evening. The principal speaker at the evening program is to be Romeo Short, member of the Board of Directors of the American Farm Bureau and president of the Arkansas Farm Bureau.

Also in honor of the county presidents will be a breakfast on Wednesday morning, at which T. C. Petersen, organization director of the Wisconsin Farm Bureau, is scheduled to be the principal speaker.

Scores of county presidents are on the program to lead livestock to better livestock. The program will be a series of lectures dealing with Farm Bureau program, activities and services. Lewis F. Allen, Bowling Green, president of the Kentucky Federation of Farm Bureaus, is the purpose of the meeting is to find ways and means of doing a better job for farmers and Farm Bureau members.

Subjects up for discussion include "Past, Present and Future Farm Legislation," "Public Relations," "Farm Bureau Services," "Farm Bureau Activities," and "Getting and Keeping Farm Bureau Members."

Pastor James A. Moak, of the Jeffersontown Christian Church, led Wednesday with Mrs. Moak for Jackson, Miss., where he has accepted the office of state pastor-evangelist for the Christian Church of Mississippi.

During his three-year pastorate of the Jeffersontown Church, Pastor Moak has been an active member in the affection of his congregation and the respect of the community. He has been a member of the church since 1910 and Sunday School building were re-modelled and a parsonage near completion.

The young minister was unusually popular with the young people and instituted a recreation program for the youth after Sunday evening services.

Last Friday evening a farewell reception was given the pastor and his wife by the Julia Reubens family. The pastor and his wife were in the city for a few days before he left for Jackson, Miss.

In addition to his pastoral duties, the minister took an active part in civic affairs, acting as secretary of the Jeffersontown Civic Club and taking a prominent part in the development of community recreation.

Buechel Represented at K.F.W.C. Meeting

Mrs. William Watson, president of the Buchoel Women's Club, and Mrs. J. W. Mathewson vice-president of the Kentucky Federation of Women's Clubs attended the fall meeting of the Kentucky Federation of Women's Clubs at the Brown Hotel, September 26.

The speakers at the dinner held in the ballroom of the hotel were Col. A. Mendelson and Mrs. Mendelson.

Col. Mendelson is the new head of the Kentucky State Hospital at Danville and Mrs. Mendelson was formerly president of a woman's club in Kenton, China.

This act provides that such drivers' licenses and vehicle registration fees be suspended. The law became effective January 1, 1947 and will be administered by the Department of Revenue.

The new law makes new demands upon every driver involved in an accident, regardless of whose car was involved. The accident must be reported to the Department of Revenue. Each report must be accompanied by proof of the driver's financial responsibility. If a driver cannot show proof of financial responsibility he will suffer the suspension of his driver's license and vehicle registration.

The 1947 session of the conference will be held in Glasgow, Ky. The second conference was held 101 years ago.

The treasurer's report showed \$27,619 raised for all purposes. The 1947 session of the conference will be held in Glasgow, Ky. The second conference was held 101 years ago.

Veterans May Take Highway Training

Frankfort, Sept. 23.—Kentucky veterans who wish to take "on-the-job-training" in the Kentucky Department of Highways now have the opportunity, J. Stephen Watkins, Commissioner of the Department announced today.

Training classifications have been approved by the Veterans Administration, Lexington, advised the Department today that its application had been approved.

Veterans must first apply to the Veterans Administration to procure a certificate of eligibility.

Mr. Watkins said, "The Department will pay the veteran its established rate for the work to be done, in the classification which will provide the necessary training to lead to advancement to the position desired. A scale of additional pay is provided for the program for the veteran to continue for a period specified in the law."

"Junior highway, materials and design engineers are included in the program for master mechanics, machinists, electricians, etc."

In the approval are various senior and chief clerk classifications, equipment and stock operators, maintenance superintendents, informational representatives, storekeepers, accountants, social workers, plant and carpenter craftsmen.

The program will grant veterans an opportunity to come into the Department of Highways and training which will fit them for the professions included in the work of building and maintaining highways in Kentucky. At the same time, additional pay will be provided under the law authorizing the program to make "on-the-job-training" very attractive to the veteran.

"Veterans already in the employ of the Department will be permitted to apply for the certificate of eligibility and enter the on-the-job-training plan."

Master of Magic In
J'town P.T.A. Show

The Jeffersontown P.T.A. will present Magic G. R. Rinehart in a full evening's program of mystery, sleight-of-hand and other magic acts at the high school auditorium, Friday evening, October 4, at 8 o'clock.

Many have witnessed Rinehart's short shows but, this, the committee in charge promises, will be an unusual event. Much interest has already been shown in the performance and a record attendance is expected.

Proceeds will be used for the benefit of the school.

Sunshine Lodge Gets First Group of Guests

The shouts of children's laughter, smiling faces, happy youngsters all about, greet the visitor to Sunshine Lodge, on Bluebird Lane, at Jeffersontown.

Wednesday the advance contingent of 22 children, from infants to 8 or 10 years old, arrived at the lodge where they were greeted by County Judge Horace M. Barker, Welfare Director William Penney, Jr., Chief Probation Officer William Penney, Jr., and the staff.

The staff, headed by Mrs. Rachel Lyon, formerly with the Kentucky Children's Home, at Lyndon, took charge of the youngsters and set about making them feel at home.

Sunshine Lodge is the result of efforts to provide a haven for children who are temporarily homeless because of domestic situations. Heretofore it has been necessary to keep them with delinquent children awaiting court disposal. The lodge makes it possible to shelter these unfortunate boys and girls in a clean, safe and healthful surroundings.

By Thursday morning the new group of children had been fully adjusted to their new surroundings and thoroughly happy. Dolls and toys were being given attention and the youngsters were romping about or busy playing house under the trees. Not the least happy was a foal named Pup that was making the most of his trip to the country.

Several infants were being attended by the staff while two were being capably fed by slightly older sisters.

Inside the home new paint and furnishings have made the lodge bright and cheerful.

The kitchen, with its newly decorated walls and white woodwork, has been furnished complete to a handsome linoleum on the floor by Highland Park, American Legion. A large electric refrigerator, kitchen range and chairs give a homelike appearance to the room.

The dining room, with windows opening on either side admitting sunshine throughout the day, is furnished by the Kiwanis Club, except for a handsome drapes which are the gift of the Jeffersontown Homemakers Club. This organization also plans a party once a month for the children.

The Cooperative Club, together with numerous individuals, have contributed to the equipment of the home.

Playground equipment is on the way from the manufacturer and will be played with by the Jefferson County Board of Recreation when it arrives. The playground is in the basement during the winter months.

Sunshine Lodge is an innovation, a step forward in the care of unfortunate children. As Welfare Director Penney told the youngsters: "This is your home. Run, romp and play as much as you like. And the youngsters took him at his word."

County Fire Chief Lists Home Hazards

By Chief Claude Thompson
I want to talk to you today about fire prevention in the home. This is a vital problem which, if properly solved, will not only have its effect on reducing fire losses but will develop a sense of responsibility for what we do for the safety of our lives and property in the home, we will carry into our business and social activities.

Now I want each of you to take imaginary time and think over your own home, let's see how many fire hazards can be eliminated.

First we enter the living room. How cheerful that open fireplace looks, but it has no screen and a definitely inflammable material is too close to the chimney and the drop cord is hung over nails.

Now let's go to the bedroom. On the dressing table there is an electric curling iron that could easily ignite the celluloid brush which is not fastened with the drop cord which is not wound around a metal bed.

Most bedrooms are small so be sure that your electric light globes do not touch the clothes. Second, if you have a furnace or a familiar and dangerous habit of drying dishcloths over the stove and will be most of your children, you might be surprised that your matches are too low.

The matches here are too low; your matches should always be kept out of the reach of children and in a metal container.

The clothes that you are drying on that clothesline are too close to the ceiling and the smoke pipe should be supported. Let me say right here, never, never, start fires with kerosene.

When your telephone rings, always remember not to leave your iron connected on the ironing board. That oil lamp should be in a metal container and left burning.

Let's run up to the attic. Here we see a crack in the chimney, your old and worn magazines and papers.

At a victory banquet, sponsored by the Jefferson County Playground and Recreation Board for the Camp Taylor Sunday afternoon baseball champions, the ball players had a festive occasion.

Bovard Clayton, sports announcer of WGRG, pointed out the value of Jefferson County recreation in his role as speaker.

Max Sanders presented the trophies to Martin Metcalf, manager of Camp Taylor's champions, and Van Walker, manager of the Middletown team which finished the season in second place.

The recreation chairman also presented silver baseball awards to Bill Pink, Sherrywood, Glen Brier, Whitley Gordon, Gene Allen, Kenneth Ballard, Louis Alligier, Nick Alligier, Roy Hess, Norman Lovick, Howard Hart, Pat Murlough, James Metcalf, Kenneth Anderson and to Manager Martin Metcalf.

All are members of the Camp Taylor team.

Team managers present were Walter L. Lloyd, Lloyd Metcalf, man of Oklahoma. Dick Reiser, Camp Taylor No. 2, and Algie, Camp Taylor No. 3, were absent. "Red" Hagan, who directed the league for the Recreation Association this summer, was also on hand.

The entertainment was provided by Margaret Clayton, Dixie Weiss, Clara Wade Scott, Pat Gagli, and Ada Lee Grammer, recreation supervisor, was toastmaster.

Vettiner Addresses Prestonia School

Prof. O. F. Brown, principal of Prestonia School, summoned Charlie Vettiner, recreation supervisor, to his school Monday to outline a program of recreation for the Prestonia boys and girls this fall and winter.

Brown, who recognizes that supervised play is the order of the day, is anxious for his community to engage in body-building recreation such as fall track activities, baseball throwing, softball throwing and Saturday morning football clinic sessions.

The county recreation supervisor spoke to the student body of Prestonia School pointing out that county recreation gives youngsters a well-balanced life.

During the week the mind is learning but with the advent of fall, has announced.

the week end there is that recreation program waiting to keep all things on balance.

The Prestonia program begins tomorrow morning on the playground behind the school building with a promise of a large number of Prestonia boys and girls on hand.

All grade school principals desiring recreation programs may have one by contacting their local recreation chairman who will work through the Jefferson County Playground and Recreation Board in providing it.

U.K. HOME COMING SET

The first post-war homecoming of the University of Kentucky will be held Saturday, October 19, date of the U.K.-Vanderbilt football game, Chauncey E. Forrester, Ashland publisher and president of the U. K. Alumni Association, has announced.

County Forest Tour Planned For October

Forester Paul A. Yost, and Eugene Stuart, secretary of the Louisville Automobile Club have under consideration a motor tour of the Jefferson County Forest area for next month.

According to present plans, the automobile club will sponsor a trip as the "First Annual Tour" of the forest section with other organizations cooperating.

Major Yost said "That while there is not much to show this time of development at the present time, it is believed that such a trip would be interesting to those who have not yet visited the area."

Plans also include a county police escort, school bands and an assembly at the top of Mitchell Hill from where a panoramic view of the forest can be obtained.

CITY COPS 'SHOOT THE BULL'

do that a tractor can't do."

Machines are taking the place of both man and beast in almost nine fields of work out of every ten, but this far nobody has invented a mechanical device to take the place of a school teacher. And not many is that nobody ever will.

Our supply of teachers is gradually decreasing. It is reported that nearly half the number of country school teachers in Kentucky hold emergency certificates. There will be more money this season for rural schools than in the past, due to a lift in taxes, but the average salary increase will not cover wartime and post-war increases in the cost of living.

With prices of nearly everything rising all the time, a 25 per cent increase in teachers' salaries will not check the drift of teachers into other fields of endeavor.

The Memphis Commercial Appeal, alarmed over the situation in Tennessee, says enrollment of students for teacher-training fell off in Tennessee colleges from 3,686 in 1940 to 1,207 in 1946.

At a teachers' college in San Diego, Calif., only 10 per cent of freshmen enrolled for teacher-training.

A study in 20 states show there are now 55 per cent fewer teachers in training than five years ago. I hope to get comparative figures on Kentucky enrollments in the near future.

Kentucky schools thus far have been able to muddle along somehow. But one of these days county and city superintendents are going to run short of persons even well enough educated to teach the fourth grade, unless much is done to make teaching a much more attractive profession than it is now.

No, you can't substitute tractors for school teachers.

JONES TO HELP PICK

SEN. STATES DIRECTORS

Scoggin Jones of Buchel, Delegate, or his alternate, John Moser, Louisville, will represent the members of Southern States cooperative in Kentucky at a meeting in Louisville on Thursday, October 3, at which time delegates for this territory's representative on the cooperative's board of directors will be elected. The session will be at the Brown Hotel.

From these nominees, a director will be chosen at an election meeting to be held in conjunction with the annual Southern States membership meeting to be held in Richmond, Va., on October 31 and November 1.

U.K. GRID SCHEDULE

University of Kentucky's Wildcats face the following teams this fall: Home games, Xavier, October 5, night; October 19, Vanderbilt, homecoming; Nov. 2, Michigan State; November 16, West Virginia. Games played away from Lexington are Cincinnati, September 28; October 11, Georgia; October 26, Alabama; November 9, Marquette; November 23, Tennessee.

all-day guest last Tuesday of Mrs. Paul Clark.

The staff and members of the Louisville Lutheran Home were entertained with a buffet supper last Friday at the home of Mr. and Mrs. Earl Grubbs. Transportation to and from the home was furnished by the hosts. Mr. and Mrs. Grubbs have recently moved here from St. Matthews, having recently purchased the Will Quisenberry farm.

Neison Moody left Tuesday morning for Atlanta, Ga., where he will spend several days with his brother, Howard Moody, Jr., who is attending school there.

Misses Mary Ellen and Julia Smith spent the week end with Dr. W. F. Stucky and Mrs. Stucky of Dawson Springs, Ky.

Dr. J. R. Shacklette and Mrs. Shacklette will leave Sunday for Paducah to attend the Kentucky State Medical Convention. Mrs. Shacklette is state historian and will be on the program Wednesday.

Woman's Club Guests

Of Kroger Grocery

The board members and Bulletin Drivers of the Woman's Club of St. Matthews accepted the invitation of the Kroger Food Foundation to visit the plant in Cincinnati Wednesday, September 25.

The 40 club members made the trip on a Greyhound bus, furnished by the host, and were special guests of W. H. Severn on a tour of the laboratories and Achenes.

At a luncheon served in the Cincinnati club, Mrs. John E. Carroll, president of the club, and Mrs. Byron Lewis, business manager, were guests at the speakers' table with Kroger officials and Severn.

A member of Crescent Hill Club, Mrs. W. W. Fowler, was master of ceremonies.

Switzer Hop Enjoyed

By Record Attendance

The Switzer Hop, given by the Buchel Boosters Club last Saturday night, was attended by the largest number of patrons in the history of the club and young and old were enthusiastic in their expressions of enjoyment.

These occasions, which are given frequently have been growing in popularity, say the club officials, until now there seems to be a danger that the Junior Order Hall will be crowded beyond capacity. However, both club and patrons seem to be of the opinion that the "more merrier" and the popular program will be continued.

Boxing Card Planned For Fairdale Fair

The county recreation department is planning to provide a boxing exhibition as a feature of the Fairdale Fair which is scheduled for October 4 and 5 on the school grounds.

According to the policy established by supervisor Charlie Vettiner of the recreation board county amateur boxing is to be organized exclusive of other local boxing groups.

"We are absolutely uninterested in the professional aspect of boxing," said Vettiner, "and will stress the recreational value of the ring."

"All boys will be encouraged to enter the boxing classes which will be conducted in the interest of good sportsmanship and in which they can build up physical strength, alertness and muscular coordination."

"Competent instructors who are interested in character building as well as athletic prowess will form our boxing staff."

If present plans are carried out, the Fairdale fair will consist of 12 matches at different age and weight levels with boys from Camp Taylor, Fincastle, Shively and Fairdale participating.

Charles Yann Back With Tatum-Embry

After serving in the Army for over three years as enlisted man and officer, Charles Yann has returned to Tatum-Embry & Co., Bourbon Stock Yards, Louisville, as office manager, the position he held before leaving the service.

Having been with Tatum-Embry for the past eleven years, Mr. Yann has gained a wide acquaintance among livestock farmers and truckmen and possesses an unusual faculty for remembering names and faces.

He has a keen appreciation of the cost of war when measured in terms of human life, having lost a brother who was killed in action in the Belgium Bulge.

After being honorably discharged from the Army, Mr. Yann married, his wife being a native of Washington, D. C.

State Baseball Fans Head For Versailles

Kentucky baseball fans are expected to flock to Versailles, the hometown of Commissioner A. B. Chandler, Thursday, October 3, to see Bob Feller and his Major League All-Stars play an exhibition game beginning at 1:30 p. m.

Feller informed the commissioner last week that he would bring his big-league players to Versailles for the exhibition game and said he would pitch for one of the teams.

Members of the local committee on arrangements expect a sell-out for the game and additional seats will be erected to accommodate the crowd.

The game will be played on the new Memorial Athletic Field diamond on the grounds of the Versailles High School. The playing field has been developed according to big-league standards under the personal supervision of Versailles.

Feller said he would bring such stars as Spud Chandler, Bob Newson, Charley Keller, Jeff Heath, Ken Keltner, Sam Chapman and Rollie Hemley with him to Versailles on October 3.

The All-Stars barnstorming trip opens September 30 in Pittsburg and closes October 25 in Los Angeles. Versailles has been included in the schedule which includes most of the large cities of the country in order to give the fans of Commissioner Chandler's home State a chance to see Feller and his All-Stars in action.

Uncle Sam Says

No farmer will question the link between this familiar September scene of filling up the silo and his United States Savings Bonds. Farmers must reckon with the future every moment of their lives. The crushed green corn stalks which they are storing away this month by tons will assure their livestock of winter feed. The United States Savings Bonds which they are also storing up will add to the security of their families.

Teachers, Horses, Tractors

The subject of this essay is school teachers, but I'm going to begin it with a story about horses.

When visiting Lord Browning, the novelist, at his farm in the north, at some months ago, I suggested the author let me take a photograph of him for distribution through my New York office.

"All right," he assented. "What kind of a shot do you want?"

"How about posing with a horse?"

"Horse, hell! Why, there isn't one on the place. Seven tractors, from midgets to heavy-duty machines, but no draft animals. I even ride over 640 acres on a tractor instead of horseback. I don't know of a thing a horse can

Yes, we live in the U.S.A., storehouse of the world, and cannot find a pound of butter, nor good old standby, bacon. Sugar is scarce, toilet soap a luxury and cheese not "fit to eat"—if you find it! What is the answer?

Mrs. Roger Barger and Miss Lois were our guests Sunday and brought us the most beautiful bouquet which consisted of roses, scarlet sage and zinnias.

We enjoyed a ride to Shepherdsville with Mrs. Walter Crumbracker Thursday morning. Those open sewers are quite gross now. We said "hello" to our editor.

Mr. and Mrs. Sandridge were dinner guests of Mr. and Mrs. Robert Ball Sunday. Price Howell and family also had dinner there. Mr. and Mrs. Barger have had their little grandson with them for a week.

Mrs. Webb, Louisville, was a week-end guest of Mrs. J. C. Gardner. Mrs. Smith, Louisville, was the week-end guest of Mrs. Ed Duncan and Mrs. Harris, of Mt. Washington, visited Miss Ethel Ridgway and the Misses Thornberry.

Walter Crumbracker and Floyd Tinnell on their recent trip to Wisconsin bought ten or twelve fine registered Holstein heifers and a bull, which will give an impetus to dairying here. They paid a fancy price, they say, for these beauties.

Miss Emma Rogers spent Wednesday with the writer. She thinks of building a residence to replace her burned home shortly.

Mr. and Mrs. Charles Brooks spent Friday evening with us and brought their new son, Harold, a fine little fellow 4 weeks old. Charles told us of some of his interesting experiences overseas.

Going Fishing? Here's How!

To hear Willie Wells and Basil Strube arguing about trout fishing, you'd think it was more important than the atom bomb.

Willie favors dry flies, Basil pool-pools anything but wet flies. Willie swears by a Royal Coachman; Basil won't hear of anything but a Silver Doctor. And by the time it comes to steel rods versus bamboo rods... #BX&#!

But on Saturday, each got back from Seward's creek with a catch that couldn't have differed by more than several ounces!

Each had used his favorite kind of fly, his favorite rod and his favorite place to cast. So over a friendly place of beer, they allowed as how maybe they were both right... which is how so many arguments should end.

From where I sit, if we all respected one another's different opinions—whether about trout flies, or drinking beer, or voting, life would be a whole lot pleasanter.

To those who eagerly await their new Chevrolets...

Here is the latest News about Chevrolet Deliveries

Everybody from factory to dealer is doing everything that can be done to speed deliveries to you

We have been informed by the Chevrolet Motor Division that the past month has witnessed only a slight improvement in the rate of production of new Chevrolet passenger cars. As a result, shipments of new cars to dealers for delivery are still far below the level we and the factory had hoped to attain by this time. In fact, through August, Chevrolet's output of cars in 1946 was only 22.6% of the number turned out during the corresponding period of 1941.

We know that Chevrolet is doing everything possible to step up its production totals—to ship more and more cars to us and to its thousands of other dealers throughout America. And we know, too, that we are assured of getting our full proportionate share of the current output and of future production gains.

Disappointing as the total figures have been—and despite the fact that Chevrolet was out of production entirely during the first three months of the year—it is nevertheless true that Chevrolet led all other manufacturers in production of passenger cars during June 1946, and has continued to maintain its lead in total production from that day to this.

We shall continue to make deliveries of new Chevrolets to our customers as fast as we receive them; we regret delays as deeply as you do; we thank you for your friendly patience and understanding; and we promise you a new high motoring experience when you take delivery of your new Chevrolet, giving BIG-CAR QUALITY AT LOWEST COST!

PERMANENT PASTURE VALUABLE

Washington, D. C., while he was in Louisville last week.

While here, Duggan attended a regular monthly meeting of the board of directors. With him was James R. Isely, recently appointed Land Bank commissioner.

Warning of higher land prices and increasing debt burdens, Governor Duggan said the pendulum appears to have started only this year in the same direction that caused so many farm families so much debt trouble following World War I.

From a peak of \$107,000,000 in 1922, the total farm mortgage debt in the United States went down after several years until it was only \$58,000,000 on January 1, 1946. This was the lowest level of indebtedness since 1915, he pointed out.

But since the first of this year farm mortgage recordings have shown a considerable increase, Duggan said. "In the first quarter there was an estimated \$417,394,000 in farm mortgages recorded, a 36 per cent increase over the first quarter of 1945."

Heavy Infestation
Of Hessian Flies

Unexpectedly and unusually heavy 1946 wheat crop losses in Kentucky have surprised both growers and Federal Crop Insurance officials according to M. D. Royse, director of the Kentucky State Office, Field Service Branch, Production and Marketing Administration.

Mr. Royse stated that wheat crop losses had been reported from 15 of the 32 counties in which Federal Wheat Crop Insurance contracts were written. In those counties, he said, premiums amounting to over \$40,000 were collected by county committees.

In those same counties O. R. Wheeler, Kentucky State Director of Federal Crop Insurance, reported 350,000 bushels of losses received to date. These losses average \$14.69 per acre, Mr. Wheeler said, and will amount to more than double the premiums paid.

The common wheat crop has, as with winter kill, flood, insects and disease are all included in the causes of these Kentucky losses, said Mr. Wheeler.
